*Re: Sage Estates Preserve Trailhead & Trail Improvements
Resident Notice*

Dear Village of Menands Property Owner:

We are writing to inform you of an exciting project that will be taking place at the Sage Estates Preserve Trails this fall. On September 2, 2019, the Village awarded a construction contract to perform various improvements at the trail system, including providing parking off Park Drive, information kiosk, signage, trail markers, benches, landscaping, pavilion and more! These improvements are in addition to the recent clearing work completed by the Department of Public Works. You are receiving this notice because you own property in the vicinity of the work area and may be affected by the construction.

Work will likely begin in early October and continue through the end of November. Construction activity can be an inconvenience with loud noise and dust. We, along with our engineer, will do our best to minimize your inconvenience. Please let us know if you experience any conditions outside of normal construction activity.

These improvements, along with those completed by the Department of Public Works, will enhance the functionality, character and appearance of this Village asset. If you do not currently, we encourage you to take advantage of this unique Village resource!

The Village appreciates your patience during the exciting project. Please contact the Village Clerk at 518-434-2922 with any questions or concerns.
