

**Village of Menands  
Electrical Permit Supplemental Application**

---

**For Official Use Only**

Submitted: _____ 20 _____	Approved/Rejected By: _____
Examined: _____ 20 _____	_____
Approved/Rejected: _____ 20 _____	Building Permit #: _____

---

**Section 1: Instructions**

The Electrical Permit Supplemental Application must be completed (typed or written in ink) and submitted along with the Building Permit Application to obtain a building permit for any planned electrical work. Electrical plans must be included within the detailed design drawings (see Building Permit Application) or submitted separately with this supplemental application. For further information on any required specifications, drawings or site plans, please review the Electrical Permit Information Sheet document.

This application must be completed by the Owner of the property on which electrical activities are to occur, or by a duly authorized representative of the Owner of the property. In submitting this application, the applicant swears that any and all information and or statements contained herein are true to the best of the applicant's knowledge. Any information that the applicant has set forth in this application that is false or misleading may result in the rejection of the application. Construction authorized by this permit must always comply with the plans as approved by all applicable government agencies.

The Village reserves the right to mandate electrical work be performed by a NYS licensed electrician, dependent on the scope of work.
