

NOTICE OF APPLICATION

Notice of Application for Special Use Permit for Telecommunications Facility
Application of Cellco Partnership d/b/a Verizon Wireless
11 Haswell Road, Colonie, New York

NOTICE is hereby given in accordance with Town of Colonie Code (entitled *Wireless Telecommunications Facilities*) Section 189-7(A)(6) (which requires notice of an application be provided to the legislative or other appropriate board of adjacent municipalities) that Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless" or the "Applicant") has filed an application with the Town of Colonie requesting municipal approval to construct, maintain and operate a public utility/personal wireless service facility (the "communications facility") to be located at 11 Haswell Road in the Town of Colonie, County of Albany, State of New York (Tax Map Parcel No. 20.3-2-34).

The proposed facility will consist of the following general components: a single 120± monopole tower (124± ft. when including a 4± ft. lightning rod); one unmanned 12.5± ft. x 11.0± ft. equipment platform with canopy; panel antennas mounted at the 115± ft. centerline; utility services (power and landline telephone), an emergency backup generator and all associated fixtures and appurtenances. The project design also includes ground space for base station equipment and associated improvements for additional carriers.

The proposed facility will be a monopole tower design, meaning a self-supporting tubular steel structure, capable of supporting multiple wireless users. The proposed monopole tower, equipment platform and associated improvements will be located inside the tower yard. A six (6) foot high chain link fence will be installed around the tower yard, to secure the tower site and protect Verizon Wireless' telecommunications equipment (and the equipment of other users) from unauthorized access.

The proposed facility is unmanned, equipped with backup emergency power, and will be visited for routine maintenance purposes approximately 1 – 3 times per year (only as needed). As such, the project will not have any impact on existing water and sewage services. In addition, neither pedestrian nor vehicular access will be significantly impacted.

A copy of the Applicant's submission packet is available for public inspection at the Town Building Department, located at the Town of Colonie Public Operations Center, 347 Old Niskayuna Road, Latham, New York (518) 783-2706 and a copy of the relevant plan sheets are included herewith.

Dated: August 28, 2026
